## Section 4.1 – General Project Information

Project Name	OGO Food Bank of Delaware - Milford
Identification Number	21174
	<p>The global pandemic has caused FBD to reach its breaking point in the current 16,000 square foot building in Milford. The FBD has purchased an 11.5-acre parcel of land which is shovel ready adjacent to the Delaware Veterans Home and the Greater Milford Boys and Girls Club. The new building will be approximately 67,000 square feet and will include the following features to increase FBD's impact on hunger in Kent and Sussex counties. The entire capital campaign budget is projected to be \$34 million. This request will fund a significant portion of the overall campaign.</p> <p>The requested funding will focus on funding a portion of the capital expenses focusing on 6 key priority areas:</p> <ul style="list-style-type: none"><li>• Expanded cold storage to safely and efficiently store more nutritious, perishable foods like meat, dairy products, fruits and vegetables.</li><li>• Expanded warehouse space to increase efficiency and capacity to serve those in need.</li><li>• Dedicated space for a Healthy Pantry Center to provide food assistance and community resources directly to our neighbors.</li><li>• Expanded volunteer room for volunteer activities like food</li></ul>

Project Description

sorting and meal box creation to meet our daily production needs.

- Dedicated classroom and practical space to train Delawareans for careers in warehousing/logistics through our L.O.G.I.C. (Logistics, Operations, General Warehousing and Inventory Control) and Culinary programs.

- Outdoor garden space to grow our own foods and to provide educational opportunities for the community and joint programming

	with our neighbors the Greater Milford Boys and Girls Club and the Delaware Veterans Home.

## Section 4.1 – General Project Information

Project Name	OGO Food Bank of Delaware - Newark
Identification Number	21175
	<p>The Food Bank of Delaware (FBD) has requested support in the amount is \$1,900,000 to expand our statewide food insecurity response from the main facility in Newark through identified capital improvements. The long-term impacts of the COVID-19 crisis and sustained increase in demand for services has accelerated FBD's needs to further expand the infrastructure at 222 Lake Drive in Newark. Prior to the global pandemic, FBD distributed 8.5 million lbs of food assistance each year, FBD now plans to distribute 16 million lbs + of food on an annual basis. The requested funding will allow the organization to operate more efficiently while maximizing our capacity to continue to meet the long-term impact on the increased number of neighbors in need of food assistance and other critical social services. Request includes:</p> <p>1. Parking (\$800,000): Parking will be added to the existing 23-acre campus, converting a wooded area adjacent to the lake at the front entrance to the facility gaining an additional 71 spots, doubling our current capacity. This parking lot will be utilized by volunteers daily given its proximity to the Volunteer Room entrance. Since returning to more normalized operations, parking is insufficient</p>

Project Description

forcing staff, visitors, and volunteers to park on the street/cul de sac. The facility averages 75-100 total visits per day when factoring in staff, volunteers, employment training students, community partners, and visitors. When there is a special event such as employment training class graduation, current parking is strained even further as normal operation levels are maintained.

2. Office expansion in Newark (\$600,000): The expanded organizational chart will continue to be a critical resource to meeting the long-term increase in demand for our services. Since 2021, FBD staff working primarily in the Newark facility has expanded from 43 employees to 69 employees. The requested funding will add 11 additional offices surrounding the Healthy Pantry Center. Staff functions which will fill these new offices will include; Healthy Pantry Center Coordinator, Home Delivery Coordinator, Community Pantry Relations, Backpack Program Coordinator, Nutrition, SNAP Outreach, Supportive Training and Employment Program (STEP) Coordinator. These positions currently share open space workstations or are located in the Healthy Pantry Center/warehouse open floor plan.

3. The Healthy Pantry Center (HPC) (\$500,000) construction will focus on indoor and outdoor improvements to enhance the customer experience and accessibility. The HPC serves

approximately 50 households per day in a contactless service model keeping neighbors, staff, and volunteers safe. Currently there are two service models to provide food assistance to our neighbors in need:

- Contactless where neighbors remain in their car while staff and volunteers deliver preselected and packed food options.

	<ul style="list-style-type: none"> <li>• Home Delivery options where Amazon drivers make pre-order food box pickups for delivery.</li> </ul>

### Statement

I certify that the information provided is accurate and complete after reasonable inquiry of people, systems, and other information available to the CPF recipient. The undersigned acknowledges that any materially false, fictitious, fraudulent statement, or representation (or concealment or omission of a material fact) in this submission may be the subject of criminal prosecution under the False Statements Accountability Act of 1996, as amended, 18 USC 1001, and also may subject me and the CPF Recipient to civil penalties, damages, and administrative remedies for false claims or otherwise (including under 31 USC 3729 et seq.) The undersigned is an authorized representative of the CPF Recipient with authority to make the above certifications and representations on behalf of the CPF Recipient.

Records indicate that at least one of the program plans does not have at least one project attached. The system shows that the following program plans do not have projects attached: CPF_GP-000389. If the identified program plans are not supposed to have projects, please provide an explanation for any program plan missing a project about why this is the case. If this is incorrect, please return to the Projects screen and add additional projects.	This program plan was approved after June 30, 2023. Projects are not entered in our financial system until we have an agreement in place with the subrecipient. This will result in fewer projects being displayed during our reporting than what was approved.
