	This project seeks to Improve Post COVID Mental Health Care. The ARPA DPA project includes two components. The first part of the project will be to increase mental health awareness and promote resilience, by creating a series of podcasts/prerecorded webinars on the impact of stress, how to deal with anxious and depressed feelings, and recognizing

Project Description	anxiety, depression, and PTSD, along with some basic self-help strategies. These would be recorded by psychologists, social workers, counselors, and psychiatrists through the DPA program and advertised through 211 and through other mechanisms. Content would be based on some of the programs that have already been developed by DPA in the past year. The second part of the program is to improve the skills of mental health clinicians in providing treatment for post covid stress. Over the three-year period, we propose offering a series of 1 to 3 hour continuing education programs for all mental health clinicians and minimal or no cost to all professions.

Total Cumulative Expenditures	\$4,687.59
Current Period Obligations	\$0.00
Current Period Expenditures	\$4,687.59
Project Description	DCADV's Complex Connections project will address a number of barriers survivors of domestic violence face that have been exacerbated by the COVID-19 pandemic. This proposed project includes a three year plan that focuses on the impact that COVID-19 has had on domestic violence in the state by increasing the community's access to early intervention and quality mental health services in Delaware. This project will: 1) Increase the public's awareness of the connection between trauma, mental health and domestic violence and available resources for support and service

	through the creation of resource materials and targeted campaigns statewide; 2) Increase the knowledge and capacity of mental health and behavioral health providers to address traumatic effects of abuse through free continuing education on trauma-informed responses and interventions; and 3) Support Delaware's mental health workforce through MSW student field placements within local domestic violence service programs.

	Josie's Grace program launched it's first 2 cohorts on October 5th and 6th of 2022. This small group community behavioral health approach accomodates 4 women and their 4 babies per cohort served for a total humans served of 8 dyad pair a week. They will be attending for 6 weeks consecutively for 2-3 hours of programming and support a week. Staffed in person with Psych NP, RN, and adminstrative support during program run time, all who enter are served with a safe, trauma aware environment to expore their emotional needs. August 14th 2022, an open house was held and attended by approx. 25 community members including health providers, prospective volunteers as well as Representative Mike Smith and his family. August and September involved establishing the centers functioning and esthetics, developing the curriculum, coordinating with

partnered programs and vendors, onboarding staff, onboarding and training up volunteers. We engaged initially for resources with Trauma Matters DE as well as attending training of NAMI of DE for a specific QPR training on suicide prevention. All who volunteer or work here are trained internally on mild to severe distress of Maternal Mental Illness that can present in the community of Josie's Grace. Nursing staff attended specific 2 day training of Postpartum Support International on Perinatal Mood and Anxiety Disorders ahead of first cohort attending program. Educating community partners (Preferred Referring Providers) began with an inservice at The Birthing Center, Holistic Women's Healthcare LLC (TheBirthCenter.com). Recruitment by way of educating partners in the community who already provide mental health services were notified of this program, Josie's Grace, through Postpartum Support International -DE chapter (postpartum.net) and a general community referral pathway for lay workers like doulas and lactation through to neighbors is open also. All available treatment slots were filled in cohorts 1 and 2 and any who sought the program, and were appropriate, were able to be 'slated' for the next round of cohorts starting late November. Further marketing / educational pathways have been via website views (919 views to date) www.Josiesgrace.com developed for this program. The Birth Center distributed information on this program via their fall e-newsletter for further reach to all clients they serve estimated to be reaching 4,000 families. Preliminary discussions for education/recruitment have been held with providers of Westside Health and Bayard House of Catholic Charities. Challenges with original plan to serve a total of 96 women in 1 year are inherent to the nature and time it takes to run 2 cohorts a week from front to back including recruitment through to running programming, organizing volunteers and ongoing operations needs. We now have plans to shorten the duration to 4 weeks per cohort and remain at 2 cohorts a week to ensure the quality and outcomes are reached for this high risk population. Beyond the isolation combined perinatal risks COVID amplified, other at risk demographics noted in our initial cohorts are: minority race, single parent and childhood abused. Of the common rates of elevated risk of domestic violence in the perinatal population, Josie's Grace is now aligned with Delaware Coalition Against Domestic Violence and are working along side our assigned community health advocate to ensure if/any threat of abuse is suspected, that is be properly supported. We have accomplished standing up the only program for fourth trimester emotional support of it's kind in this state. We have created, of this program, a new space where prevention and wellness meets potential mental illness in one venue, without judgement or fear. We support mother (*birthing person) and baby simultaneously, which is not commonly the case in behavioral health or medicine. We have achieved this anti-isolation program in the era of COVID pandemic which had crippled this at risk population of mother / baby over the past 2 years.

Project Description	<p>The Data Science Fellowship seeks to grow the pool of data scientists, analysts, and engineers in Delaware by directly recruiting PhD candidates and postdoctoral researchers with a focus in appropriate quantitative methods, technologies, and techniques. Fellows would be required to live and work in Delaware during the program to be eligible for participation.</p> <p>PhD candidates gain a great deal of experience in their field, but often need additional mentorship and experience to successfully transition into full time employment in industry. The Data Science Fellow model provides this mentorship and experience to help successfully transition into full time employment while providing access to complex, real world issues that attract technologists. Candidates have frequently cited the opportunity to solve complex problems in the real world as a reason to pursue the Data Science Fellow role.</p> <p>The Data Science Fellowship is a workforce development pipeline to attract and retain highly skilled, highly educated talent in Delaware. Data science is one of the most sought-after skill sets in the job market today. Creating a pipeline to attract and retain this talent is critical to ensuring that Delaware builds the workforce of the future.</p> <p>The Fellowship will be positioned as an opportunity for Masters, PhD candidates, and postdoctoral researchers to build skills ahead of entering the workforce. Total Cumulative Expenditures	\$147,667.25
Current Period Obligations	(\$66,600.00)
Current Period Expenditures	\$125,467.25
Project Description	"The Delaware Executive Branch conducts public meetings at various locations across the State. While public meetings are now permitted to be held virtually, SB 94 requires a physical anchor location with at least one member of the public body present. Anchor rooms, coupled with remote access, serve as a valuable COVID-19 mitigation tactic. Their combined use alleviates the need for public officials and members of the public to feel compelled to gather in a single, physical location and risk disease spread. Remote access, enabled by anchor rooms, also provides access to meetings for members of the public who might not be able to travel to a physical location or congregate in person."

Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	During the pandemic, Delaware citizens including many families with children became homeless because of a variety of reasons including eviction, inability to pay rent or utilities, lack of available housing stock, lack of shelter space, and lack of other state or federal supports to enter permanent housing. These residents were placed in hotel and motels to provide safe temporary living arrangements by the Division of State Service Centers (DSSC). DSSC referred clients to the Division of Social

Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	Families became unable to find permanent or even temporary housing as a result of conditions created or exacerbated by the pandemic, including: 1. Lack of shelter space, shelters closed or reduced capacity due to need for social distancing or quarantining. 2. The moratorium on evictions created less turnover in housing resulting in less available housing 3. Rental housing prices have increased beyond what many low income families can afford 4. Many of hotel residents have multiple barriers to

Description	In responding to the public health impacts of the public health emergency, Beebe Healthcare, with the DE ARPA grant support, is implementing an expanded Mental Health and Substance Use Disorder program to expand services available in Sussex County. The COVID-19 pandemic has had a significant impact on the mental health and well-being of our communities, particularly among community members who have been disproportionately impacted due to economic and social conditions. For this reason, mobile healthcare will be a key component of the services offered, taking care to areas of the community that need it the most.

Description	o The HOPE Commission (HC) is Delaware's premier correctional reentry program. It provides comprehensive reentry support services that target crime-causing factors, shown to be predictors of recidivism, for formerly incarcerated high-risk men leaving prison and returning to distressed communities. HC provides rehabilitative treatment services and programs designed to promote successful reentry based on research-informed solutions. Risk and needs assessments, cognitive-behavioral therapies, vocational readiness training, educational peer support, behavioral health services, and family-reunification programs are utilized to reduce recidivism and improve safety in the State of Delaware.

Description	First State Squash provides Wilmington youth, a majority of whom will be the first in their families to achieve a college degree, with tuition-free academic programming, squash instruction, and enrichment opportunities. Students enter the program in fifth grade and continue year-round, to and through college graduation. Using the sport of squash as a teaching tool, FSS creates long-term, intensive support and unique learning opportunities. FSS builds strong partnerships with students, families, and schools to help participants fulfill their academic, athletic, and personal goals.

	On January 7th, 2022, FSS completed the purchase of “Reflex,” a former squash club in Wilmington. Located at 524 S Walnut Street, “Reflex” has six squash courts

Description	The Digital Government Platform Foundation Program sets out to deliver a device agnostic user-friendly experience for Delaware's residence and visitors. Considerable effort will be given to the design and incorporation of key software components that provide a human centric User Interface (UI) and User Experience (UX). This includes implementing agency services and upgrading the agencies' backend systems to utilize the portal/foundation. All agencies will be able to plug in to the foundation (over time) to deliver their services via the single portal/app. Various technical and program contractors will be needed to complete these projects.

Subrecipient	Campus Café LLC
Period of Performance Start	2/1/2022

Period of Performance End	2/1/2023
Primary Sector	grocery stores, restaurants, food production, and food delivery
Purpose of Funds	"During the pandemic, Delaware citizens including many families with children became homeless because of a variety of reasons including eviction, inability to pay rent or utilities, lack of available housing stock, lack of shelter space, and lack of other state or federal supports to enter permanent housing. These residents were placed in hotel and motels to provide safe temporary living arrangements by the Division of State Service Centers (DSSC). DSSC referred clients to the Division of Social Services (DSS) for supportive services including food, delivery of food, and case management services. DSS purchased and delivered food to hotel residents and assignment case management staff to work with hotel residents. Case managers assessed the needs of clients and assisted hotel residents in finding employment, finding permanent housing, applying for housing grants and vouchers, accessing public benefits, connecting with community and family resources, developing short term financial plans, and linking to appropriate medical services."

Description	Central to the success of the REACH redevelopment of Wilmington's Riverside neighborhood is creating a mixed-income community to break the cycle of entrenched, concentrated poverty resulting from decades of systemic racial discrimination and segregation. The mixed-income housing strategy will create a pipeline of housing options that enable residents to remain in the neighborhood while increasing self-sufficiency, and will also attract new, moderate-income residents who can pay market rental rates and/or purchase a home. Called "Imani Village," REACH will build 591 units of permanent housing: 561 mixed-income rental homes in replacement of 293 dilapidated public housing units, as well as 30 homes for ownership. Imani Village will be built

Description	DCADV's Complex Connections project will address a number of barriers survivors of domestic violence face that have been exacerbated by the COVID-19 pandemic. This proposed project includes a three year plan that focuses on the impact that COVID-19 has had on domestic violence in the state by increasing the community's access to early intervention and quality mental health services in Delaware. This project will: 1) Increase the public's awareness of the connection between trauma, mental health and domestic violence and available resources for support and service through the creation of resource materials and targeted campaigns statewide; 2) Increase the knowledge and capacity of mental health and behavioral health providers to address trauma
